

# Gitanjali Public School

## SENIOR SECONDARY

(AFFILIATED TO CBSE, AFF.NO:2430167, SCHOOL NO: 15614)

SESSION: 2024-25

NO: GPS/GN/24-25/008

DATE: 15-04-2024

Dear Parents,

We are absolutely inundated to begin an Academic Year (2024-25) the way it should be with **202 new admissions** (till now). We along with you are aiming to make a school where students can realize that they have a place for care and love where learning is a gift. Frankly speaking, more than **16 parents** have chosen Gitanjali from the Kirnahar and Labpur area not because we are the best but we are the one who cares its students. We need your manifold blessing to smoothen our journey bypassing multifarious challenges here and there. However, let us share a few of our observations.

1. 7:50 am at this point of time is too late to begin. Still, few students (mainly personal transport) are getting late. Please do not allow them to make it a habit. **Let them become punctual.**
2. Some of the students especially senior students are keeping phones in their bags. Ask them (we have already informed) to submit their phones either in the office or class teachers. Please **Note: if we get it, it will be returned after the final examination. No request will be entertained.**
3. Send our students on a daily basis. As per our observation, regular students are performing better than those who believe in homesickness. **Please clarify if students say "স্কুলে ক্লাস হয়না"।**
4. We request our parents to get the details of a school day so that they can get a better idea about the service of Gitanjali Public School. **Drop a message to the class teacher if anything is in doubt. Meet the subject teachers between 1:30 pm - 2:30 pm if something is wrong.** We hope face to face communication will solve many doubts. Let us repeat once again that we do not require any PTM for this.

5. **A few essential points:**

A) Please save **6295112217**. Share your queries about admission, transport, or any school related question in between **7:50 am - 7 pm**. After that our office remains closed.

B) Either drop a message or meet the subject teachers for subject related doubts.

C) Contact the class teacher for Class related matters.

**Please Note:**

**Parents are requested to drop a message (7:50 am -1:30 pm) or call 1:30 pm - 5 pm because phones are not allowed during class teaching.**

**6.** This is to let you know that I, the principal, **do not keep my phone in between 7:50 am - 2:30 am**. I have decided to focus my time on school. My phone will be picked up by office staff members. They will make a decision either to share your message now or after. If anything is urgent, let the office know, I will respond either through them or by a personal call.

Hilariously, last few days, parents have called me if their bus driver has not received calls, whether Eid is on Wednesday or Thursday, shirt will be of full sleeve or half, what is house dress, what is the address of those shops where dresses are available etc. Some calls are beyond 10 pm. Hence, I have decided not to receive calls at an odd hour affecting my children, school and my family life.

**7.** This is to let you know that we have taken a pledge on **SPEO (Speak English Only)**. We are always after our students to cultivate this habit. Please encourage your child to grab it. Until or unless a child starts speaking, spoken English will remain a phobia in them.

**8.** We know the expectations of everyone around us and this expectation gains a height if it is a private organization. This is true and realistic. We promise to do our best or cater the best we have but we will never promise to satisfy. However, we also follow our own rules and policies. **Your suggestion will be valued and implemented if it fits into our policy.**

**9.** Finally, we request our parents to clarify if students have shared something that had gone wrong with children, and judge the teacher or school accordingly.

A teacher functions with 30/40 students in a class and a school with 950. Please understand the time/situation/background/history before anyone blames anything or anyone though many do not bother anything except a fact that they pay for it. If everyone keeps this in mind that paying should offer better service, this world would have been a paradise. With a heavy heart, it is true that one of our senior teachers was forced to say sorry to a parent because s/he did not answer one out of many questions of his/her child. The claim is 'answer all questions because we pay for

it'. We are ready to say sorry if it is our mistake because this is perhaps the hallmark of learning and education. Hence, we request our parents to get a point that we are also teacher-parents. Therefore, nothing is intentional in relation to a child.

Warm regards,

**Principal**

**Sitanjali Public School**

Vill.-Daikota, P.O.-Deriaour

[**Mr. Joydeep Mukherjee**]
